SIGMAP 2010, Oaxaca, Mexico, June 20–25, 2010

John Conway and the mirrors

The photograph was taken at the Museum of Science at UNAM in Mexico City following his lecture just before the start of the SIGMAP meeting in Oaxaca in June, 2010. John is demonstrating his famous tongue-trick while looking through a “window” cut out of the 3-dimensional kaleidoscope (photo: Asia Ivić Weiss).
